

Sorting Guide for Batteries

BATTERIER

What is battery waste?

Batteries include alkaline, zinc-carbon, and lead-acid batteries.

Batteries are received at our facility, where they are sorted and subsequently sent for processing and recycling.

If you would like to schedule a collection, request a quote, or receive more information, please feel free to contact HCS customer service by email at info@hcs.dk or via the following phone numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
