

Sorting Guide for Soft Plastic

What is soft plastic?

Soft plastic includes, for example, clean or rinsed plastic bags, transport film, bubble wrap, shrink wrap, and food plastic bags. Plastic is highly suitable for recycling.

Soft plastic waste is transported to one of HCS' facilities, where it is sorted and compressed into bales. The plastic waste is then distributed for recycling.

If you would like to order a pickup, receive an offer, or get more information, please feel free to contact HCS customer service via email at info@hcs.dk or at the following phone numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
- Funen - Phone +45 66 16 90 55
- Southern and Central Jutland - Phone +45 86 40 70 88
- Northern Jutland - Phone +45 98 82 08 11
