

Sorting guide for waste to landfill

What is landfill waste?

Landfill waste is waste that is not suitable for recycling, such as: Contaminated/wet plaster, impure/wet insulation materials, small amounts of pressure-treated wood, and floor and street sweepings.

Waste for landfill is disposed of at an environmentally approved landfill.

If you would like to order disposal, request a quote, or need more information, please feel free to contact HCS customer service via email at info@hcs.dk or at the following phone numbers. We look forward to hearing from you:
