

Sorting Guide for Electronic Waste incl. Screens

What is electronic waste including screens?

Electronic waste including screens typically includes CRT screens such as monitors and TV sets, as well as discarded flat screens from TVs and PCs.

Electronic waste included screens is received at our facility, where it is inspected and sorted to separate non-electronic equipment. The electronic waste included screens is then processed in accordance with the applicable regulations for WEEE waste.

If you would like to schedule a collection, request a quote, or receive more information, please feel free to contact HCS customer service via email at info@hcs.dk or at the following phone numbers. We look forward to hearing from you:
