

Sorting Guide for Hard Plastic

What is hard plastic?

Hard plastic includes, for example, clean or cleaned food packaging, buckets, jugs, and cans. Plastic is particularly suitable for recycling.

Hard plastic waste is transported to one of HCS' facilities, where the waste is sorted, shredded, and compressed into bales. The plastic waste is then distributed for recycling.

If you would like to order a collection, request a quote, or receive more information, please feel free to contact HCS customer service via email at info@hcs.dk or by phone at the following numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
- Funen - Phone +45 66 16 90 55
