

Sorting Guide for Food Waste

What is food waste?

Food waste includes all types of food waste, such as food products, leftovers, and waste.

The food waste is transported to HCS' pre-treatment facility, where it is converted into biomass. The biomass is then transported to a biogas plant, where it is transformed into biogas and fertilizer for agriculture.

If you would like to order a collection, request a quote, or get more information, please feel free to contact HCS customer service via email at info@hcs.dk or by calling the following phone numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
- Funen - Phone +45 66 16 90 55
- Southern and Central Jutland - Phone +45 86 40 70 88
- Northern Jutland - Phone +45 98 82 08 11
