

Sorting Guide for Metal

What is metal waste?

Metal waste consists of various types of iron and metal waste, as well as cables for recycling.

Large quantities of metal waste are delivered directly to treatment facilities. Smaller quantities are processed at one of HCS' facilities for inspection and possible sorting before being sent for recycling in the metal industry.

If you would like to order a collection, request a quote, or receive more information, please feel free to contact HCS customer service by email at info@hcs.dk or via the following phone numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
- Funen - Phone +45 66 16 90 55
- Southern and Central Jutland - Phone +45 86 40 70 88
- Northern Jutland - Phone +45 98 82 08 11
