

Sorting Guide for Paper

What is paper?

Paper is office paper, mixed paper, newspapers, and magazines, and is highly suitable for recycling.

Paper waste is transported to one of HCS's facilities, where the waste is sorted, shredded, and compacted into bales. The paper waste is then distributed for recycling.

If you wish to order a pickup, request a quote, or need more information, please feel free to contact HCS customer service by email at info@hcs.dk or by phone at the following numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
