

Sorting Guide for large combustible Waste

What is large combustible waste?

Large combustible waste is combustible waste larger than 50 x 50 x 100 cm.

The waste is examined for any recyclable wood, which is separated for recycling. The remaining waste is shredded and then delivered to an environmentally approved incineration facility.

If you would like to order a collection, receive a quote, or get more information, feel free to contact HCS customer service via email at info@hcs.dk or at the following phone numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
- Funen - Phone +45 66 16 90 55
- Southern and Central Jutland - Phone +45 86 40 70 88
- Northern Jutland - Phone +45 98 82 08 11

YES, PLEASE
